

Windstar – Who We Are

Windstar Cruises operates a six-ship fleet of masted sailing ships and all-suite motor ships cruising throughout Europe, the Caribbean, Costa Rica and the Panama Canal, Asia, Alaska and British Columbia, Canada and New England, Tahiti and the South Pacific, Mexico and U.S. Coastal and Australia. Windstar's fleet is the market leader in small ship cruising calling on more than 330 off-the-beaten-path and popular ports in nearly 80 countries. The boutique line caters to between 148 and 342 guests on each sailing. Windstar launched a *\$250 Million Star Plus Initiative* to transform three Star Class ships with new suites, restaurants, and a world-class spa and fitness center. The award-winning line is known for immersive experiences, destination authenticity, port-intensive itineraries, exceptional service, and an innovative culinary program. Windstar Cruises is a part of Xanterra Travel Collection, an award-winning, globally diversified travel company offering once in a lifetime experiences in some of the most beautiful and iconic places on earth.

Windstar – A Company History

The line was established as Windstar Sail Cruises in 1984, and the first ship, *Wind Star*, was launched in 1986, followed by *Wind Song* in 1987 and *Wind Spirit* in 1988. (Both *Wind Star* and *Wind Spirit* sail with the company today.)

Holland America Line purchased Windstar Sail Cruises in 1988, and rebranded the company as Windstar Cruises. Holland America became a subsidiary of Carnival Corporation in 1989. In 1998, Windstar acquired the sail cruiser *Club Med I* from Club Med Cruises and rechristened her as *Wind Surf*. (The ship is considered to be the world's largest commercial sailing ship and still sails with Windstar today – a major renovation in late 2019 brought new suites, upgraded public spaces, and a transformed spa.)

In 2007, Carnival sold Windstar to Ambassadors International. In 2011, Ambassadors International filed for Chapter 11 Bankruptcy, and Anschutz Corporation purchased it at auction. Anschutz Corporation subsidiary Xanterra Travel Collection is now the parent company of Windstar Cruises.

In 2013, Windstar purchased three ships from Seabourn, effectively doubling the size of the fleet. The ships without sails (referred to as power yachts) were renovated, and *Star Pride* joined the fleet in 2014, with *Star Breeze* and *Star Legend* debuting in 2015.

In 2018, Windstar announced an initiative to “stretch” each Star Class ship, installing a new section of ship that will lengthen each vessel approximately 84 feet and add 50 new suites, taking guest capacity from 212 to 312. The work also includes the addition of state-of-the-art public spaces including two new dining locations; new shop and retail space; an enlarged fitness center; and a new world-class spa. In addition, the renovation includes a

comprehensive re-engine project for each ship. The project represents an overall capacity increase of 24 percent for the small ship line. The newly enhanced ships will debut in 2020 and 2021.

All Windstar ships are registered in the Bahamas. The company is headquartered in Seattle, Washington.

Windstar – What’s Different

Windstar’s ships can enter ports that are inaccessible to larger cruise liners, meaning we tend to visit more off-the-beaten-path and unique ports, like Barbuda, Montserrat, Wrangell, and Vanuatu. Also due to Windstar’s smaller size, we can dock in the heart of major ports (like Old Town Dubrovnik) as larger cruise ships pass by.

Windstar has a unique Open Bridge Policy, meaning that guests can wander onto the bridge when the ship is at sea, chat with the crew (the captain is there quite often), and even sit down and enjoy a cup of Windstar’s exclusive Bridge Blend coffee with him/her.

When anchored in many locations, guests can swim, kayak, snorkel and paddleboard right from the Watersports Platform on the back of the yacht.

Windstar’s *Wind Surf* is the largest sailing ship in the world. She is two football fields long and has five masts, towering 221 feet and supporting 26,881 sq. feet of sails. Her speed record under sail power alone is 15.8 knots.

Windstar – By the Numbers

6 Ships
(3 motor sailing yachts; 3 all-suite yachts)

330 Ports

80 Countries

342 Passengers on our Largest Ship

62 Days on the Longest Itinerary

1 to 1.5 Staff to Guest Ratio

2,300 Shore Excursions

1,375 Square Feet in Our Biggest Accommodation (the Grand Owner’s Suite)
